

**Gulf Nova Scotia  
Commercial Bluefin Tuna Fishery  
2021 Conservation Harvesting Plan**

**Opening Date**

July 19, 2021 – at 06:00 hours

**Closing Date**

December 31, 2021 – at 18:00 hours

**Quota / Tags**

For the purpose of tag distribution in 2021, the estimated average weight used will be 237 kg (523 lbs) per fish.

Quota = 51.223 t (94.81 % of 53.564 t initial GNS Fleet quota + 0.436 t carry forward from 2020 = 216 tags)

- The *tags* will be allocated as follows:
  - 128 Gulf Nova Scotia licences are eligible for tags in 2021.
  - Using the revolving list (Annex 2 attached) 216 *tags* will be issued.
  - The initial 216 tags available must be paid for by October 1, 2021.
  - Landings will be reviewed and if additional tags are available, the 2021 revolving tag list will be continued.

Mexican Quota

- Quota – 10.728 t ( 11.315 initial GNS quota – 0.587 Indigenous Fishery) is available to the GNS Commercial fleet which will be allocated via draw (September 08, 2021) of GNS Tuna Association members.

The tags and Conditions of Licence will be valid for the entire 2021 season unless the season is closed by Variation Order. There will be no reallocation of tags in 2021.

See Annex 1 – GNS Tuna Fleet Quota Self Adjusting Mechanism

**Tag Availability**

- In 2021, tags will be distributed via Canada Post ( Express Post -2 day delivery)
- Tag(s) fee will be available for payment through fishers' National Online Licensing System (NOLS) account.
- Licensing will complete mail out of tag(s) with Canada Post on Mondays, Wednesdays and Fridays.
- Dart tags are available from Gulf Nova Scotia Tuna Association executives. Dart tags shall be recorded in the Record of Tags along with DFO issued tags prior to any fishing activity.

**Tag Transfer**

Licence holders may receive or transfer a maximum of four tags during the season. Until September 30, a tuna licence holder can only do one of the following, not both:

- *Transfer tag(s) to another fisherman;*
- *Receive tag(s) in a transfer.*

Starting on October 1, licence holders are eligible to complete both transactions.

**Quota Reconciliation**

If the 2021 GNS Fleet quota is exceeded, the 2022 quota will be reduced by the same amount.

**Catch Limitation**

Two fish per day per licence.

**Carry Forward:**

Any uncaught quota up to 10% of the initial allocation will be carried forward to 2021 for the Gulf Nova Scotia fleet. Any amount above this level will be rolled into the 2022 Canadian quota.

**Hail Out / in**

Licence holders are required to hail out prior to all fishing trips by calling the Vessel Hail – Out System at 1-800-561-2467. Licence holders must also hail in to a Dockside monitoring company prior to returning to port for every trip, regardless if a fish has been caught.

**Monitoring of Activity**

This fishery may be subject to Electronic Monitoring System (EMS) coverage as outlined in the Conditions of Licence.

**Ex-Sector**

Licence holders wishing to participate in the Ex-Sector Fishery must contact GNS Resource Management Officer, Barbara MacArthur.

Area Manager, Resource Management  
Gulf Nova Scotia

## **Annex 1**

### **Quota Self Adjusting Mechanism GNS Tuna Fleet**

1. The number of commercial Bluefin Tuna licence holders in Gulf Nova Scotia is 135.
2. The number of tags available for allocation in a given year is based on the GNS Fleet quota and the projected average weight of a fish.
3. The number of tags available per licence holder will be calculated by dividing the number of tags available by the number of eligible licence holders. The whole number will be allocated equally among eligible licence holders and all portions or percentages will be accumulated and the resulting number of tags allocated by using the revolving tag list.  
Ie:
  - a)  $90 \text{ tags for allocation} / 135 \text{ licence holders} = .66 \text{ tags per licence}$ . The revolving tag list will be used for the 90 tags among the 135 licence holders
  - b)  $175 \text{ tags available for allocation} / 135 \text{ licence holders} = 1.30 \text{ tags per licence}$ . All licence holders will receive one tag and the revolving tag list will be used for the remaining 40 tags available
  - c)  $285 \text{ tags for allocation} / 135 \text{ licence holders} = 2.11 \text{ tags per licence}$ . All licence holders will be allocated 2 tags and the revolving tag list will be used for the remaining 15.
